# OPEN HPI Hasso Plattner Institut

Confirmation of Participation

BATIKAN BORA ORMANCI
e170503012@stud.tau.edu.tr

has participated in the following openHPI course:

Computational Learning Theory and Beyond
by Karen Seidel

The 2-week course covered the following topics:

- Formalizing Binary Classification
- Integral Halfspaces, No-Free-Lunch-Theorem
- Learning Success (Explanatory)
- Learning by Enumeration (Occam's Razor)
- Minibatch/Iterative Learners versus Full-Batch Learners
- Constructive Iterative Learning Algorithm for the Set of Halfspaces
- Consistent Learning

The participant qualified for this confirmation by accessing more than 50% of all learning material.
